**All admitted applicants will be required** to complete a background check, drug screen, and physical exam and have personal health insurance. Admission to the program is contingent upon submission of a satisfactory background check and a negative drug screen. If a background check reveals a history of criminal actions, such as a Class C misdemeanor, Class B misdemeanor, Class A misdemeanor, or felony, regardless of an active Plea of Abeyance, the admissions committee will review the criminal action and admissions to the program may be denied. To comply with the requirements of our clinical partners, each applicant must pass a 12-panel drug test for entrance into the nursing program. A positive drug screen for legally prescribed medications will require the applicant to submit a prescription to the Medical Review Officer (MRO) associated with the Document Management System (Verified Credentials). Currently, Medical Marijuana Cards are not accepted by all of our clinical partners and, therefore, will not be accepted by The School of Nursing. Any applicant testing positive for Marijuana, even with a Medical Marijuana card, will not be cleared to start the program. **In the event the applicant does not meet the admission requirements, they will not be entitled to any refund of tuition dollars or other fees.**
