

# Mozambique Women's Center

The Mozambique Women's Center (MOZWOC) project is a unique student hybrid course offering an international service-learning experience on the diverse African geography, culture, and dance with a concentrated focus and study on improving women's issues.

## \$50,000

Our goal is to raise \$50,000 to construct a new Women's Center in Mozambique that will become a learning center, offer health and hygiene services, and provide a gathering place for women.

**WEBER STATE**  
UNIVERSITY

**"When you lift a woman, you raise a nation."**

Weber State University is sponsoring the MOZWOC project (Drs. Julie Rich, Alicia Giralt, and professor Joanne Lawrence) in partnership with a local, Utah non-profit, *No Poor Among Us*, who has supported numerous Mozambique projects assisting women, schools, chicken farming, and egg ranch production.
