Highly Recommend completing all General Education Requirements prior to starting the program.		

Additional information at: Weber.edu/HAS

How do my credits transfer from other institutions?

The best thing to do is to become a Weber State student and submit your transcript(s) for evaluation. Then you'll know exactly what they equal. There is the Weber.edu/transferguide to search for courses from other regionally-accredited colleges/universities to see how those courses *may* transfer to Weber State University.

For additional Pre-Public Health questions regarding application requirements or general education requirements, please contact the Dumke College of Health Professions Admissions Advisement Office. An advising video is also available on our website, that has an advisor going over the applicant checklist, along with other videos and helpful information.
